

Features ActivePure® Technology proven to reduce viruses, bacteria, and other pathogens (full list of tested pathogens available below in “The Proof”)

THE TECHNOLOGY

Laundry Pro 2.0 incorporates the power of our revolutionary, exclusive ActivePure® Technology with the cleaning action of water with hydrogen & oxygen-based molecules to lift dirt and grime away from the fibers of fabric and prevent the growth of odor-causing bacteria. Laundry Pro 2.0 is an amazingly effective cold water laundry system for residential use.

The optional ActiveClean Port is designed to convert ordinary tap water into a powerful effective household cleaning solution to remove dirt and grime and prevent the growth of odor-causing bacteria on common household surfaces.

ActivePure Technology does not replace the need to follow public health guidelines and should be used as complementary technology.

THE PROOF

In extensive unaffiliated lab testing, ActivePure® Technology has been proven to significantly reduce the following contaminants and pathogens¹:

- SARS-CoV-2
- Staphylococcus Aureus
- Aspergillus niger endospores
- H1N1 Influenza
- H5N8 Influenza
- MRSA
- Bacillus globigii
- MS2 Bacteriophage
- Staphylococcus epidermidis
- PhiX-174
- Erwinia Herbicola
- Listeria monocytogenes
- Murine Norovirus
- E. coli
- Candida auris
- Botrytis cinerea
- Sclerotinia sclerotiorum
- Legionella pneumophila
- Aspergillus versicolor
- Clostridium difficile
- Salmonella enterica

THE BENEFITS

We turned to nature to come up with a better way to do laundry. Laundry Pro 2.0 is better for your laundry, better for your family and better for the environment and it will help you save money too.

- No need for detergent
- Use with cold water
- Makes clothes brighter
- Makes clothes softer
- No use of fragrances
- Better for sensitive skin
- Ease of use
- Low maintenance

When the Laundry Pro 2.0 is used in conjunction with the optional ActiveClean Port adapter, you can easily access the same water with oxygen based molecules to use in other household cleaning applications. Simply divert the water via the adapter into a bucket or spray bottle!

- Clean without bleach
- No use of harsh chemicals
- No films or residues
- Removes unpleasant odors
- Save on cleaning supplies

LAUNDRY PRO® 2.0

SPECIFICATIONS

Product Information	00695; Model: W1017H
Optional Accessories	ActiveClean Port: 49393 (sold separately)
Technology Included	ActivePure® Technology
Electrical	12 Volt DC, 2.5A Input Voltage: 100-240V ~50/60 Hz 0.45A Power Usage: 0.4W AC (standby) 1.3W AC (operating)
Water	Pressure: min. 20 psi to 60 psi max./1.37-4.13 bar Temperature: use cold water only
Weight & Dimensions	4.3 lbs (1.95 kg) 5.19" H x 17.3" W x 3.69" D (13.48 cm x 43.94 cm x 9.37 cm)
Operating	Temperature: 50°F - 100°F (10°C - 37.8°C) Humidity: 40% to 85%
Warranty	Limited 3 Year Warranty
